2 PAR 4 ▶

Probably the most difficult hole on the golf course. Your tee shot here is critical. Another narrow green requires careful club selection. Take one extra club on your approach, better long than short on this hole.

Rules

2

Scramble
Format Rules

- Each player will play a ball off the tee
- The team will select one player's drive to use on that hole and both players will hit from that spot
- This process will be repeated until the team holes out
- All shots must be taken within one club length of the original shot on the same playing surface (fairway, rough, sand) as the original shot and must be taken no closer to the hole
- One score per hole will be counted per team, low score wins the hole, no maximum score
- Match play rules apply
  - the team who wins the most holes will win the available points (front/nine/total)
  - all draws will split available points

SCRAMBLE +1
FORMAT RULES

In <u>addition</u> to the Scramble Format Rules, the following apply:

- For each hole with a <u>**SCORE**</u> of **FOUR OR ABOVE**, each team must use at least **ONE SHOT FROM EACH PLAYER**
- The rule applies regardless of the par of the hole being played
- The required stroke can be any shot (tee, fairway, putt)
- *Gimme putts* (putts inside the leather) can be used as the required stroke, but ONLY if the player <u>makes the putt</u>
- If a team fails to utilize a shot from each player once a hole is complete – they are assessed one penalty stroke

HYBRID
FORMAT RULES

For the first nine holes, the Scramble Format Rules would apply. After nine holes, the match would become a best ball match with the following rules:

- Both players would tee off and select best ball
- Each player would play their ball from that spot to the hole
- Each player would card a score (including tee shot)
- The lowest individual score of each doubles team will become their team score for that hole.
- Match play rules apply – low team score wins the hole.
- Overall score will be determined by the combined holes won from the front nine and the back nine.
- The same shotgun rules apply (5 tee + 1 putt per nine with no carryover).

General Playing Rules

Rule 1 Lift, Clean and Replace	This rule is in effect throughout the tournament. Each shot shall be played from within one club length of the selected shot, on the same playing surface, no closer to the hole. The one club length rule does not apply to the putting surface – putts must be marked at the spot of the ball.
Rule 2 Penalty Strokes	Players will adhere to course designated hazards and boundary markers and relocate their ball to a designated drop area or on the line which the ball exited the course – **one penalty stroke.**
Rule 3 Conceding a Putt	Putts "within the grip" will be considered good. Determined by placement of the putter head in the hole – if the ball is between the bottom of the grip and the hole, then the putt is good. NOTE: Any putt can be conceded by the opposing team at any time. NOTE: Rule does not apply to belly putters
Rule 4 Rain/Dark Early Finish	A team can only claim points in a early finish situation if both teams complete 5 of 9 holes (for front nine/back nine points) or 14 of 18 holes (for total round points). If round is not ended by course closure, darkness/rain finish hole to be determined by agreement of both teams.

SPECIAL SITUATION RULES

PLAYER DOWN	Should a team need to play a doubles match with a single player – the following rules apply:
	
	• For the Solo Team
	    ○ May utilize 10 shotgun mulligans (five per nine) off the tee and 2 shotgun putts (one per nine). No carry over from front nine to back nine.
	    ○ May hit a second "alternate" shot under these conditions:
	        ○ Cannot be taken off the tee box or on the green
	        ○ No more than two alternate shots per hole
	    ○ Mulligans and alternate shots are provisional – solo player may choose original shot
	
	EXAMPLE OF LEGAL SOLO PLAY: Solo player hits tee shot, then hits a mulligan tee shot. Plays long approach shot from fairway, then plays an alternate shot from the same position. Plays short chip shot, then plays an alternate shot from same position. Plays putt, then hits a mulligan putt.
	
	• For the Doubles Team
	    ○ The team may hit only one tee shot (either player may hit)
	    ○ Each member of the team may take a shotgun tee shot on any hole – therefore possible for the team to hit a total of three tee shots (1 free shot and 2 mulligans)
	    ○ The team may hit only one shot on any ball residing on the green
	        ○ Either may hit
	        ○ If multiple shots on the green, team members may alternate
	        ○ If using shotgun putt, either may hit (only the person taking the shotgun putt must drink)

Daily Match-Up Rules

Match Day	Format	Normal Rules	Rule of 15
2	1 Scramble 3 Scramble+1	• Leading team announces first two pairs (Scramble and Scramble+1). • Trailing team matches the leading team's pairs and announces remaining pairs • Leading team then matches the final two pairs.	 In place when the trailing team is behind by 15 or more points. The leading team shall provide all their pairs and the trailing team will establish all match-ups.
3	1 Scramble 2 Scramble+1 1 Hybrid	• Leading team announces first two pairs (hybrid and Scramble+1). • Trailing team matches the leading team's pairs and announces remaining pairs • Leading team then matches the final two pairs.	
4	2 Scramble+1 2 Hybrid	• Leading team announces first two pairs (hybrid and Scramble+1). • Trailing team matches the leading team's pairs and announces remaining pairs • Leading team then matches the final two pairs.	

Shotgun Rules		Team Maximums		
		Front Nine	Back Nine	Total
General	• Drinker must be the Ball Striker • Drinking Team Eligible to Win Hole			
Tee	Any participant can take a mulligan off the tee if they chug a full 12-oz. beer. The following conditions apply: • Maximum of five tee shot mulligans available to each team per nine holes. • The teammate that hits the mulligan must drink. The ten total mulligans can be split between teammates in any way (*one teammate could drink all ten and his partner zero*). • Both partners can use a mulligan on the same hole – *no more than one mulligan per player per hole* • A mulligan can be taken at any time prior to leaving the tee box • Player maintains option of playing original shot if preferred over the mulligan (shotgun still required and counts against limits) • Shotgun may be consumed after mulligan but prior to next shot • Front nine mulligans CANNOT be carried over to the back nine.	5	5	10
Putt	Any team can have an additional shot with a putter if all members of the team chug a full 12-oz. beer. The following conditions apply: • Both team members must drink, but one team member is chosen to take the extra attempt with a putter. • The site of the ball's location must be marked in some way. Once the ball mark is removed a team can no longer utilize the shotgun putt. As long as the ball mark is in place the putt can be used, regardless of sequence of putts. • Front nine putt CANNOT be carried over to the back nine. • Player maintains option of playing original shot(s) as long as ball marks are not removed (shotgun still required and counts against limits)	1 *One may putt – both must drink*	1 *One may putt – both must drink*	2
TOTAL	Maximum mulligans by each team	6	6	12

SCORING OVERVIEW

Each match will be awarded points based on Front Nine, Back Nine, and Total Score. Points will be awarded based on total holes won – with draws in any category splitting the available points.

- **Scramble:** Seven total points (2-front, 2-back, 3-total)
- **Scramble+1*:** Seven total points (2-front, 2-back, 3-total)
- **Hybrid*:** Seven total points (2-front, 2-back, 3-total)

*On Day 4, one point is added to the front and back for scramble +1 and hybrid matches
