

Well it has been an interesting last few months for Vegas. This whole #metoo movement has leveled many powerful men such as myself. Rest assured, Vegas always gets consent.

It is that time of year. Time for a bunch of old dudes to act like they're 22 again. Well, make that 18. This is the second time in the history of the event that a team has run-back a team name from the previous year. Last time, the Jets got beat like Monty at the blackjack table. Will history repeat itself? Do the scrappy young upstarts from the Splash Brothers have the minerals to rise up and slay the cocky super-team?

Hacker team picture. I wonder if Rush still has the tattoo?

Onto the predictions

Rush/McCann – 7 vs. Kelleher/Reed

This should be a bloodletting. Hackers have two guys who have played more rounds this year than a tour player. Rush has more swing coaches than Tiger and Phil combined. The only things that goes further, faster than Tim's drives have flight numbers. On the other side you have Mike who still doesn't know the dates he's playing. He will have to be running through the airport like OJ Simpson (hey, the guy did his time!) to make it to his first tee time. When he tries to chip he looks like Elaine dancing.

Brian will have to haul him around the course like MasterBlaster

Come on, you don't know who runs Bartertown?

Saint/Walker -2 vs. Moran/Preede

New guys get nicknames. Last time Walker played he had like 10 injuries. On the end of day three he looked Scarecrow after the flying monkey. Day four he came out wrapped up like a mummy. He is, the Walker Dead. Good thing for him all he has to do is stay out of Paul's way and get him shotgun beers. He needs to be...Saint Paulie's girl.

Vance gets all the poker points if he plays a round in this getup while serving up beer for Paul's mulligans. You don't think you're going to ever use one do you?

Morrall/Hardiman vs. Evans/Package -1

Ah, the Splash Brothers finally make an appearance as the favorite. Alan we be Alan and Monty is coming down as #repackaged. That's right, you're getting old Package. He is going to be puffing smoke in your face, talking about bleeping your wife and drinking apple juice. No Morrall, we still are not calling you Fletch. I don't even know why we would but that ain't sticking. Nor is King James. Mike/Monty—that's his first name.

Krempl/Dinora vs. Dwyer/Chicklo Even

I'd like to introduce, John Chicklo. Yes, his last name sounds like a gum you chew to stop smoking. We have three nominees for his official nickname.

Chicklo Honey
American Chicklo
Not Aaron

We will let the winds of Myrtle decide.

Krempl(e) still looks a German field general from every WWII movie you've ever seen. Dinora still looks like a giraffe drinking water when he putts. Dwyer is going to one arm chip you to death. Every successful chip will be followed by him yelling, jackpot! Seriously most of team Splash hope he comes up with a better technique. Like kicking it with his barefoot. Or wishing it on the green. Both would look better than the unfortunate war veteran look he has now.

Side bets

Odds on who will be the first to yell Dilly Dilly

1-1 Hardiman
1-50 The field

Over/under on amount of poker hands played

2

Odds on first Myrtle death from sustained golf injuries

1-1 Walker
1-2 The field (Hey, everyone is old now. Each new day is a gift at this point)

Odds on guy most likely to throw a club in anger while also being most likely to start playing candy crush on his phone after getting down 3 holes

1-1 Mike
1-100 Field

Odds on guy most likely to p*ss an entire bar with his terrible music selection

1-1 Greg (Yea, I know he's not going but somehow he will still accomplish his yearly task)
1-100 The field

Over/under on amount of teeth your Uber driver has when he pulls up in his rusted out 83' Camaro fresh back from the impoundment lot for his 3rd DWI while still having his license because Myrtle Beach just toughen up their DWI stance to a "6 times and you're out law".

Okay, time to get back in the wading pool before the ladies get cold. We will adjust these a couple more times before you boys head south.

Later

V

Well, Myrtle week is finally here and there is a ton of action on these matches. Who knew people would care if two old guys play less crappy than two other old guys? It must be the exotic locale. Myrtle Beach—beautiful golf courses, sandy beaches, and absolutely nothing else (that's right, Vegas will drop an Oxford Comma on your @ss). A place built on bad decisions, fueled by regret, and sustained by crushed dreams. It's West Virginia with an ocean.

Onto the lines...

Rush/McCann – 5 ½ vs. Kelleher/Reed

A swing for team Splash Brothers. Why? Reports are that Mike actually looked at his clubs last week. He was actually looking for an ironing board (not for himself, for one of the 20 undocumented workers at his house) but hey it's something.

Movie Title match

Rush Hour

When you play them, they will rush to their ball and take an hour to hit.

McKelleher's Navy

They will see more water than a seaman.

Seriously, no way Hackers drop this one.

Saint/Walker -1 ½ vs. Moran/Preede

Another slight swing for the good guys. Ken will be ready to play as this will be the most sleep he has had in months. Also, the added testosterone in his house has given him 20 more yards on his drive. The votes are in, at least for one day, Vance is Saint Paulie's Girl. Also make sure you bring some cash on the course, SPG, because Paul ain't paying for bleep. Those sandwiches from the cart girls will come with side order of spit if you don't tip.

Movie title match

Meet Me In Saint Phooey

A saint exposed as a fraud

Preede in Pink

We will leave it to your imagination where the pink is being worn. Don't judge!

Morrall/Hardiman vs. Evans/Package -2

Another swing for the Bros. Reports are Hardiman got an injury this weekend when he and Dinora were trying out the newest redneck drinking game, beer darts. Yep, get drunk and throw darts at each other's beer. This is an actual thing believe it or not.

This just in—Jack Package is forgoing range work to work on his quotes when he is up by three holes plus.

These are the frontrunners.

Are you going to do something about it or stand there and bleed?

Get your shine box, Tommy

Oops, I did it again (Did you just envision Package wearing a sexy school girl outfit? I know I did)

Hardiman's response to any of these will, of course, be...Dilly Dilly!

Movie title match

Die Hardiman

That is what he will want to do when he wakes up on Sunday Morning after consuming 34 beers the day before.

The Full Monty

That's right, Hackers. You are getting the whole thing this year.

Kremp/Dinora vs. Dwyer/Chicklo -1

Wow, another move towards the Bros. The public is all over these lovable underdogs. Jeff Chicklo is going to be on his game. Reports are Dave is working on a new chipping style where stands on one leg while striking the ball with the handle end of the club. Kremp will be plotting world domination while petting a hairless cat.

Movie title name

Kremp of Doom

He carries a whip and wears his Dinora tilted to the right
Chariots Of Dwyer
They're going to get medieval on your grass

Odds

Odds Jimmy Chicklo can't handle Myrtle.

1-1

Over under number of Foghat songs played by Package at Neal and Bob's because "young chicks love it".

13

Odds someone finally achieves the trifecta—leave your sunglasses, wallet AND phone at the course.

Dave 1-1

Steve 1-2

Chances Cookie's drivers now have a script to improve customer engagement starting with "How's it hanging?".

80%

Over/under for highest blood/alcohol level achieved by Steve. Once this is achieved Steve will yell "That's over twice the legal limit, b*tches. I shouldn't be alive right now!"

.22

Odds on Dave getting killed in his room and the word "*coupon*" written in blood on the wall.

10-1

Odds on Ken getting killed in his room and the words "*Here's your toast, b*tch*" written in blood on the wall.

5-1

Back to the million dollar Texas Holdem table. Hey, the big money doesn't wake before 10PM. Everyone knows that.

Vegas

Well, it is finally here. Myrtle Mayhem Eve. A day before 16 livers wonder, what did I do to deserve this??? Two days before a bunch of actual good golfers wonder, what did I do to deserve a 5 ½ hour round of golf while watching guys in front of me get less and less discrete with their urination habits? I mean, by hole 18, guys are having a casual conversation while facing each other in front of their carts, peeing. And let's not even think about when Tim starts to feel the effects of that 5 alarm burger from the night before. Shudder...

Onto the final spread...

Rush/McCann – 5 vs. Kelleher/Reed

Slight move for team Splash. Case for Splash to take this match? To quote Mike—Because Jesus loves them more.

Saint/Walker -1 vs. Moran/Preede

Saint and Vinny's couples name? Paul Walker. They better hope it is the Fast and Furious version and not Fast meets Oak Tree version. I'm allowed to make that joke after 5 years have passed. Also, I know the last movie some of you saw was Good Fellas so google him if you don't know.

Morrall/Hardiman vs. Evans/Package -2 ½

Package versus Team Charter Colony. He hates that place more than he hates affordable healthcare. Yes, it's that serious.

Krempl(e)/Dinora vs. Dwyer/Chicklo -1/2

Will Jake Chicklo be able to handle the pressures of Mayhem? Couple name? Dicklow. I received an odd text from Krempl—I see people are underestimating me at Myrtle Mayhem. Weird.

Odds

Odd there is so much meth in Myrtle Beach even the gators are missing half their teeth
1-10

Odds Steve finds another magic beer fridge at River City that is really just drunken theft
1-1

Odds Reed has a follow-up to his first album, Puking at Oceans
100-1

Odds the Scotty's regulars refer to you showing up as "Those damn kids are back"
5-1

Odds you wipe that friendly smile of the ranger's face by hole 4 when he sees Tim take an extra tee shot because his first shot only went 280 yards after already having been warned of slow play, twice
1-1

Odds someone does something stupid, dangerous and unlawful because, Myrtle!!!!!!
1-1

See you next year

Vegas, out
