PLAYING/SCORING RULES 2

RULE 2.1: SCORING AND MATCH STRUCTURE

SCORING OVERVIEW

Each match will be awarded points based on

- Front Nine (2 points)
- Back Nine (2), and
- Total Score (3)

Points will be awarded based on total holes won – with draws in any category splitting the available points.

On Day 4, one point is added to the front and back for a total of nine points available.

TOTAL POINTS AVAILABLE / NEEDED TO WIN			90 / 45.5			

RULE 2.2: SCRAMBLE FORMAT RULES

- Each player will play a ball off the tee
- The team will select one player's drive to use on that hole and both players will hit from that spot
- This process will be repeated until the team holes out
- All shots must be taken within one club length of the original shot on the same playing surface (fairway, rough, sand) as the original shot and must be taken no closer to the hole
- One score per hole will be counted per team, low score wins the hole, no maximum score
- Match play rules apply
 - the team who wins the most holes will win the available points (front/nine/total)
 - all draws will split available points

RULE 2.3: GENERAL PLAYING RULES

RULE 1 LIFT, CLEAN AND REPLACE	This rule is in effect throughout the tournament. Each shot shall be played from within one club length of the selected shot, on the same playing surface, no closer to the hole. The one club length rule does not apply to the putting surface – putts must be marked within a putter head of the original spot of the ball.
RULE 2 PENALTY STROKES	Players will adhere to course designated hazards and boundary markers and relocate their ball to a designated drop area or on the line which the ball exited the course – one penalty stroke .
RULE 3 CONCEDING A PUTT	Putts “within the grip” will be considered good. Determined by placement of the putter head in the hole – if the entire ball is between the bottom of the grip and the hole, then the putt is good. NOTE: Any putt can be conceded by the opposing team at any time. NOTE: Rule does not apply to belly putters
RULE 4 RAIN/DARK EARLY FINISH	A team can only claim points in an early finish situation if both teams complete 5 of 9 holes (for front nine/back nine points) or 14 of 18 holes (for total round points). If round is not ended by course closure, darkness/rain finish hole to be determined by agreement of both teams.

RULE 2.4: DAILY MATCH-UP RULES

Standard Rules

- Teams separated by less than 10 points
- Trailing team reveals their first two-some (any match)
- Leading team matches the trailing team's pair and announces remaining pairs
- Trailing team then matches the final two pairs

NOTE: Trailing team has the option to defer and force the leading team to reveal first

Blowout Rules

- One team trails by 10 or more points
- The leading team shall provide all their pairs, and the trailing team will establish all match-ups

RULE 2.5: SHOTGUN MULLIGAN RULES

TYPE	RULE DETAILS	TEAM MAXIMUMS		
GENERAL	• Drinker must be the Ball Striker • Drinking Team Eligible to Win Hole	FRONT NINE	BACK NINE	TOTAL
TEE	Any participant can take a mulligan off the tee if they chug a full 12-oz. beer. The following conditions apply: • Maximum of four tee shot mulligans available to each team per nine holes. • The teammate that hits the mulligan must drink. The eight total mulligans can be split between teammates in any way (<i>one teammate could drink all eight and his partner zero</i>). • Both partners can use a mulligan on the same hole – no more than one mulligan per player per hole • A mulligan can be taken at any time prior to leaving the tee box • Player maintains option of playing original shot if preferred over the mulligan (shotgun still required and counts against limits) • Shotgun may be consumed after mulligan but prior to next shot • Front nine mulligans CANNOT be carried over to the back nine.	4	4	8
PUTT	Any team can have an additional shot with a putter if all members of the team chug a full 12-oz. beer. The following conditions apply: • Both team members must drink, but one team member is chosen to take the extra attempt with a putter. • The site of the ball's location must be marked in some way. Once the ball mark is removed a team can no longer utilize the shotgun putt. If the ball mark remains in place the putt can be used, regardless of sequence of putts. • Front nine putt CANNOT be carried over to the back nine.	1	1	2
TOTAL	Maximum mulligans by each team	5	5	10
NOTE 1: Back nine mulligans can be taken without drinking on all days		NOTE 2: Six total beers required in each player's bag		

RULE 2.5.1: DETERMINING PUTTING ORDER

The following information is designed to assist in determining putting order and when a mulligan putt must be taken. Information below assumes that both teams are on the putting surface.

General Rules:

- Furthest from the hole determines who putts first.
- If after a putt one team has a ball inside the other team's last putt (or starting position), then the putt mulligan remains in play.
- If after a putt one team does not have a ball inside the other team's last putt (or starting position), then a decision must be made to use the putt mulligan from the prior shot.

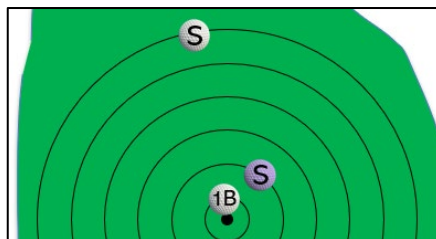

Scenario A

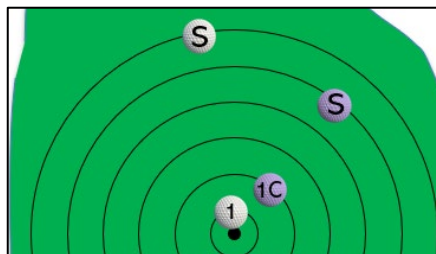

Team X's first putt is still outside Team Z's starting position. Therefore, Team X must putt again – either from the location of their first putt OR they must determine whether to take a mulligan putt from their starting ball position.

Scenario B

Team X's first putt is inside the Team Z starting position; therefore, Team Z must putt next. No decisions on Team X's use of the putt mulligan for their first putt need be made.

Scenario C

Team X's first putt is inside Team Z starting position (per Scenario B above, their mulligan putt is still in play). After Team Z's first putt, Team X is still inside Team Z. This means Team Z must putt next and decide whether to use their mulligan putt. Meanwhile, Team X's use of the putt mulligan for their first putt is still in play.

RULE 2.5.2: PAR 3 MULLIGAN PILOT RULES

The following rules are for Day 1 only and are designed to test a theory to speed up play on Par 3 holes.

- This rule applies to Par 3 holes only and does not apply to any mulligan tee shots on Par 4s or 5s.
- For this pilot, the following “provisional mulligan” rule below will **not** apply
 - *Player maintains option of playing original shot if preferred over the mulligan...*
- If a team determines they should take a mulligan, they are committing to the outcome of that shot and ***any previous shots by that team are null and void.***
- Examples below of how the rule would apply:

Example 1

Player 1 hits Shot A

Player 2 hits Shot B

Player 1 hits mulligan Shot C, which voids Shots A/B

The only remaining playable option is

Shot C

Example 2

Player 1 hits Shot A

Player 2 hits Shot B

Player 1 hits mulligan Shot C, which voids Shot A/B

Player 2 hits mulligan Shot D, which voids Shot C

The only remaining playable option is

Shot D

RULE 2.6: HITTING FROM THE WRONG TEE BOX (THE MIKE RULE)

If a player hits from the incorrect tee box, the following remedies or penalties apply:

If both players hit from the wrong tee box

- **If the players remain on the tee box** - the players may re-tee on the correct tee box (no penalty) and the first shots from the wrong tee box are dead.
- **If the players have left the tee box** – the players tee shots are dead, and they forfeit the hole.

If one player hits from the wrong tee box

- **If the player remains on the tee box** - the player may re-tee on the correct tee box (no penalty) and his first shot from the wrong tee box is dead.
- **If the player has left the tee box** – the player's tee shot is dead, and the doubles team must play the other player's tee shot.

RULE 2.7: MAN DOWN PLAYING RULES

Should a team need to play a doubles match with a single player – the following rules apply:

- For the Solo Team

- Gets two shots (original and alternate) on all shots through hole finish.
- May utilize 8 shotgun mulligans (four per nine) off the tee and 2 shotgun putts (one per nine). No carry over from front nine to back nine.
- Mulligans and alternate shots are provisional – solo player may choose original shot

EXAMPLE OF LEGAL SOLO PLAY: Solo player hits tee shot, then hits alternate shot, then a mulligan tee shot. Plays long approach shot from fairway, then plays an alternate shot from the same position. Plays short chip shot, then plays an alternate shot from same position. Plays first putt, then another using an alternate shot. Plays second putt, then another using an alternate shot. Plays the second putt a third time, using a putt mulligan.

- For the Doubles Team

- All normal format and shotgun rules apply with one exception. The same player can take both putts once the ball is on the putting surface.

NOTE: If the second player arrives mid-round, the normal rules apply at the start of the first hole after the player's arrival. Mulligans utilized by the solo player prior to his partner's arrival will count against established shotgun limits.
